Senate Bill 288 (Erin's Law)

- This week, you should have received a handout regarding required Sexual Abuse Training for Ohio Schools. If you would like more information, please visit <https://education.ohio.gov/Media/Ed-Connection/March-27-2023/Senate-Bill-288-webp-age-coming-soon?feed=NewsletterRSS>. Please make certain to return the OPT OUT forms if you would like your child to be excluded from the instructional videos. Students opting out will simply remain in their classrooms for a classroom activity, while those permitted to view the training will be escorted to the auditorium in grade level groups. Again, Ohio Lawmakers have approved into law that public schools offer this training annually.
- The training video lessons will take place on November 9. Arlington Elementary will work in conjunction with Family Resource Center (FRC), who will provide the developmentally appropriate content for our K-6 students. The content of the lessons will come from Fight Child Abuse, whose “main goal is to educate children about what to do if they experience abusive behavior, educate them about safe & unsafe touches, and encourage them to go to a parent or another trusted adult for help.” You can find the resources that will be used at <https://fightchildabuse.org>; from there, click on “Pick Your Age Group” and find the videos that correspond with your child’s grade level. A short Q&A session with a representative from the FRC will follow.

Synergy Sessions

- This week, Arlington Elementary participated in its first Synergy Session. These sessions were designed so that students, especially those in grades 4-6, could hone their leadership skills. They also gave our younger students a mentor– and accountability partner– in the building. Synergy Sessions will be held on the second Friday of every month. Be sure to ask your child about how their first synergy session went!

Let's take a peek!
Here are upperclassmen synergizing with their younger peers! They are working on being proactive vs reactive!
