ARLINGTON RED DEVILS

The first grade classes will have some special visitors in their rooms in the next few weeks! Mrs. Hanna and Mrs. Haughts' classes each have roughly 40 chicken eggs, and Mrs. Goldsmith's class has almost 20 duck eggs!

Each egg is numbered and candled. Candling is a method used to observe the growth and development of an embryo inside an egg. You use a bright light source behind the egg to show details through the shell.

ARLINGTON RED DEVILS

Liberty-Benton needs your help in promoting a county-wide initiative...Purple Up! Day on Wednesday, April 19. We are hoping to get as many schools, businesses, and citizens to help recognize military-connected families.
